Tips on Setting Up and Using Your Success Tips

Setting Up Your Success Tips

If you would like to automate your marketing, you can set up your success tips to be automatically sent to your list on a regular basis by pre-loading them into your database management system. Most database management software systems have the capability of sending automated or timed emails so that you load them once, schedule their delivery and leave them alone. Examples of the more popular email management systems are AWeber (www.aweber.com), Constant Contact (www.constantcontact.com), iContact (www.icontact.com),1ShoppingCart (1shoppingcart.com), Infusionsoft (www.infusionsoft.com), or Ontraport (www.ontraport.com). You can research these to determine which solution is a best fit for your business needs.

For blog posts, you can simply preload your blogs and schedule in advance the days you want them to post.

As always, we recommend that you customize these success tips with your own stories, anecdotes and personal messages. But keep them short as that is what makes this tool so effective!

Using Your Success Tips

Staying in touch with your list in a meaningful way is the key to creating relationships, developing trust and familiarity, and ultimately converting your prospects into clients. Using numerous tools and delivering them through a variety of mediums allows you to be creative in your marketing which is more attractive to your prospects and clients.

Success Tips are a fantastic tool to use because they are short, provide great value, and can be delivered in written, audio or video form.

We recommend using your Success Tips in conjunction with the other Ready2Go products (http://www.Ready2GoMarketingSolutions.com), as all the Ready2Go products coordinate together.

Here are a few ways you can use your Ready2Go Tips: (also, for consistency with this bulleted list either add a period to all or remove from all)

- Blog posts
- A "Thought of the Week" or "Success Tip of the Week", that provides value, is easy to read, and is a meaningful touch.
- A short article in your newsletter
- Can be recorded and emailed in audio form, placed on your blog, on your website or sent in your newsletter.
- Can be developed into a short video training and be emailed to your list, placed on your blog, on your website, or sent in your newsletter.

The Fertile Mind Success Tips

(This is one of 12 tips that comes with the Success Tips Package)

How to Zap Those Negative Thoughts

Our minds are filled with tens of thousands of thoughts every day. In his book, *"The Happiness Trap",* author Russ Harris suggests that up to 80% of our thoughts are comprised of some type of negative content. That's a lot of negativity! It wouldn't be a problem if we processed those thoughts objectively – but we don't. The real problems start when you begin believing your negative thoughts.

When negative thoughts show up it's tempting to try to ignore them or push them away. That may offer temporary relief, but it's a strategy that ultimately backfires and the negative thoughts come back with a vengeance.

It's time for a more effective approach to clear those negative thoughts once and for all. Here are some negative thought elimination activities:

Test your thoughts for truth. Some common negative thoughts are, *"I'm such a loser," "I can't do anything right," "I don't have what it takes," "I'm not smart enough."* Pick one of those statements that resonates with you most (or add your own). Now simply ask yourself, *"Is this really true?"* Absolute statements are rarely, if ever, true.

Ask yourself how the thought is serving you. For example, does telling yourself you're not smart enough help serve a purpose in your life? If not, it's time to let that thought go.

Reframe a negative statement into a positive one. For example, turn *"I can't do anything right,"* into *"I make mistakes sometimes, but I do a lot of things really well too."* Life is never all-or-nothing.

With all the negative thoughts you carry in your head every day it can take a toll on your emotional, physical, and spiritual wellbeing. But you have it within you to challenge those negative thoughts. There's a lot to be positive about in your life.

What negative thoughts can you eliminate from your life *today*?
